

Coconino Community College Supplementary Information

In May of 2022 the voters of Coconino County approved a permanent reset of Coconino Community College's permitted primary property tax levy. The \$6M increase in the property tax levy will be phased in over a three-year period in accordance with state law. The coming tax year will be year two of the three-year phase in period.

State law requires the College to publish a Truth in Taxation Notice and hold a public hearing to review and approve the increase in primary property taxes. The calculations in the posted Truth in Taxation Notice include an approximate \$2M increase over the prior year, reflecting the current year phase in amount approved by the voters in May 2022. The College invites everyone to visit our website at <https://www.coconino.edu/news/ccc-tax-reset-update-promises-made-promises-kept> to learn more about the College's budget and how your property taxes are being spent.
