Procedure

Preparing the Annual Disclosure of Crime Statistics

The Executive Director for Facilities and Security is responsible for ensuring the Chief of College Security discloses reported criminal offense statistics, collected in good faith from local law enforcement agencies and Campus Security Authorities (CSA) in an Annual Security Report.

Statistical information collected will include where the crime occurred and the type of crime.

The Executive Director for Facilities is responsible for ensuring the Chief of College Security compiles and discloses all criminal offense statistics received in the Annual Security Report by October 1st of each year. The Annual Security Report will include reporting disclosure of all criminal offenses and all policy and procedure statements required by the Clery Act, referenced below.

The Annual Security Report will include the following criminal offenses reported to Campus Security Authorities and/or local law enforcement agencies during the calendar years covered by the report:

1. Criminal homicide, both murder and non-negligent manslaughter and negligent manslaughter
2. Sex offenses, forcible and non-forcible

3. Robbery
4. Aggravated assault
5. Burglary
6. Motor vehicle theft
7. Arson
8. Hate crimes
9. Arrests for liquor law violations, drug law violations, and illegal weapons possession
10. Persons (not included above) who were referred for campus disciplinary action for liquor law violations, drug law violations, and illegal weapons possession

A crime statistic will be reported for the calendar year in which the crime was recorded by a Campus Security Authority.

Hate crimes will be reported by category of prejudice, together with any other crime that were reported to local police agencies or to a Campus Security Authority, which manifest evidence that the victim was intentionally selected because of the victim's actual or perceived race, gender, religion, sexual orientation, ethnicity, or disability. Hate crime statistics also include larceny-theft, simple assault, intimidation, and vandalism.

Crimes will be reported by location, providing a geographic breakdown of the statistics according to the following categories:

1. On campus-by-campus location.
2. On public property within or immediately adjacent to and accessible from the campus.

The College does not operate any businesses off college-owned or controlled property, nor does it sponsor or control any off-campus organizations. Therefore, the Annual Security Report does not include crime statistics from any such locations.

The college does not own or operate dormitories or other residential facilities. Residential related crime statistics are, therefore, not included in the Annual Security Report.

The crime statistics will not include the identification of the victim or the person accused of committing the crime.

Crime statistics will be based on definitions used by the Federal Bureau of Investigation Uniform Crime Reporting (UCR) Program.

Report Inclusions

In addition to the crime statistics prepared in accordance with the above listed requirements, the Annual Security Report will include all of the following.

1. A statement of current campus policies regarding guidelines for students and others to report criminal actions or other emergencies occurring on campus, the College's response to these reports, and guidelines for making timely warning reports to members of the College community regarding the occurrence of crimes.
