Sponsor: Academic Affairs

Policy

Assessment of student learning is an ongoing, systematic approach to establishing clear and measurable goals of learning. Coconino Community College supports student learning assessment as a means of understanding and improving student learning. Information on student learning will be gathered, analyzed, and interpreted for continuous improvement of teaching and learning. The assessment of student learning may be at the course, program, or institutional level. Assessment fosters effective student learning, curriculum enhancement, and program development, and contributes to resource allocation decisions. While assessment of student learning is a college-wide responsibility, the College is committed to the central role of Academic Affairs in the assessment processes.
